a. ONCC Ad Hoc Fly Quiet Committee

Mr. Annunzio reported the Fly Quiet Committee met and recommended another revised runway rotation test to last no more than 6 months.

Mayor Juracek said a revised runway rotation consisted of scenarios recommended by CDA with committee input. She said it would be presented on March 10 for ONCC approval.

Mr. Jackson presented the changes and proposed modifications for a Fly Quiet Test 2.

Mayor Juracek asked how CDA was addressing JDA concerns regarding issues with test 1.

Mr. Jackson said requests for longer runways would require a two hour advanced notice.

Mayor Juracek asked if the schedule took into account construction on the airfield.

Mr. Jackson said construction this year would be more to the northside of the airport and should not interfere with the schedule.

Dr. Kuper asked if there was a preferred starting date for test 2.

Mr. Frame said a start date could happen in late April or May. He also stated they would entertain a test 3 without the use of Runway 15/33 to help prepare a plan when that runway was decommissioned.

Dr. Kuper suggested that staff let everyone know about a test 3. He also suggested offering a one-on-one meeting with each member to explain the changes.

Mr. Frame said the CDA would propose a 12-week schedule for test 3.

Ms. Dunlap asked if there were runways used now that weren't in the original Fly Quiet.

Mr. Frame replied yes, Runway 10C was an example.

Mr. Annunzio said it was important to give members enough time to digest a test 3.

Dr. Kuper asked if test 2 would require a simple or super majority vote by ONCC members.

Mayor Juracek said per ONCC By-Laws a simple majority was needed.

Ms. Dunlap requested that the Fly Quiet Test 2 proposal be posted to the ONCC website.

b. ONCC Annual Meeting – May 5, 2017

Mayor Juracek reported the ONCC annual meeting would occur after the municipal elections held in April.

c. ONCC Ad Hoc Nominating Committee

Mayor Juracek said Mayor Sherwin would chair the nominating committee and welcomed any new nominations.

d. ONCC Executive Committee per By-Laws

Mayor Juracek listed the members who were on the Executive board which included: Mayor Juracek, Commissioner Ginger Evans, Dr. Raymond Kuper, Mr. Joseph Annunzio, Ms. Catherine Dunlap, Mr. Dennis Ryan, Superintendent Jennifer Kelsall, Mr. Ralph Sorce, and Mr. Frank Damato.

e. UC Davis Noise Symposium Recap

Mayor Juracek reported she had a long presentation regarding the runway rotation program at the UC Davis Noise Symposium in Palm Springs and it was well received. She said Toronto also was interested in initiating a runway rotation test similar to O'Hare's.

f. Review/Edit Draft ONCC March 10, 2017 Agenda

Mayor Juracek reviewed the draft March 10 ONCC meeting agenda.

Comments from the Public:

Mr. Dwyer, a resident of Medinah, said he had concerns regarding the revised rotation plan because of the shifting of wide-body aircraft. He noted there would be no relief and therefore, it was not much of a rotation plan. He said if Runway 15/33 was not an option and those flights go to Runway 10L then that configuration would be used twice. He then wanted to know if the FAA was asked to see if Runway 15/33 could serve for long runway requests.

Mr. Frame said for test 2, Runway 15/33 was not asked to be considered for a long runway request.

Adjournment

Mr. Ryan moved to adjourn the meeting. Dr. Kuper seconded the motion. The meeting ended at 12 p.m.
